What are you working on now? It was a heartbreaking, conflicting situation to be in, seeing both sides and understanding how both were true and real for the characters yet each had implications for their choices and their relationship. Dramatisations of Ballard's seminal works,

Drowned World and Concrete Island, straddle the season, and we have The Testament of Jessie Lamb five leading radio writers - Nick Perry, Ed Harris, Michael Symmonds Roberts, Michael Butt and Philip Palmer - to imagine what life might be like in the near future if everything goes wrong - and their Dangerous Visions form the bedrock of the series: clever, imaginative and disturbing takes on just what might happen.
