In summary, the collection is a mixed bag that contains some gems, but does not always play to Cohen's strengths. In claiming to settle the fundamental questions of politics, don't philosophers attribute to their own views about justice and the common good a special authority they deny to the opinions of ordinary citizens? In general, Rawls believes, political theory always draws upon the materials available in its historical situation, even when it calls for revolutionary change, and even when it arrives at principles of justice by imagining what rules of association rational agents would adopt in "a state of nature," prior to the formation of society.

In social justice processes, each person nearly on makes decisions about which
