Mastermind: How to Think Like Sherlock Holmes by Maria Konnikova

If you know how. In Mastermind: How To Think Like Sherlock Holmes, Maria Konnikova teaches you how to apply the thinking methods and.

A centerpiece of Mastermind is that the brain operates using two contrasting systems, which Konnikova terms System Holmes and System.

Draws on neuroscience and psychology studies while analyzing the deductive strategies used by the character of Sherlock Holmes to suggest how to promote.

Two tasks cannot possibly be in the attentional foreground at the same time. Using 'he' as an impersonal or 'man' to refer to the whole human race is a sexist use of language that promotes the invisibility of women.

I am both a zealous Sherlock Holmes fan and familiar with Konnikova's work for But is his extraordinary intellect merely a gift of fiction, or can we learn to cultivate these abilities ourselves, to improve our lives at work and at home? From Wikipedia, the free encyclopedia. While our minds might be made to wander, they are not made to switch activities at anything approaching the speed of modern demands. That is their resting state. We can feed our mind wandering ad infinitum.
